SUBJECT: Review of GSA's FBI Headquarters Consolidation Project  
Audit Number A180058

In response to a congressional request, we are initiating a review of GSA's FBI Headquarters Consolidation Project. We will review GSA's decision making process for the revised project plan, including an analysis of whether the revised plan properly accounts for the full costs and security requirements of the project.

We would like to begin our work immediately and would appreciate it if you would provide a primary point-of-contact for the audit team. If you have any questions, please contact Brian Gibson, Deputy Assistant Inspector General for Auditing, at (b) (6)
